

PATS 2FA Flow

1. For users who wants to activate the 2FA on their PATS Platform can request for 2FA through their marketer or contact MTS Team at 6202 1879.
2. Client will be expecting to receive an activation link that is sent to their registered email address within 2-3 working days
3. Client is to download *"**Google Authenticator**" from respective App Store
4. Within app, scan **QR Code** that is shown after clicking the link in the email mentioned in Step 2.
5. Once successful, account will be linked to Google Authenticator (OTP is generated each time the app is launched)
6. Open JTrader -> Go to **Server tab** and check the box under **Enable OTP entry** (optional if we decide to make it permanent)
7. Login with Username Password and OTP

*Other 3rd-party authenticator mobile application can be used as well
