

Lunch Presentation with BRC Asia Limited (BRC)

Date: 18 July 2019, Thursday

Time: 12pm to 1pm

Venue: KGI Office 13A/B

Company Background:

BRC (BRC SP) is the market leader in steel reinforcement solutions in Singapore. The strong pipeline of major construction projects including the cross island line and Changi Airport Terminal 5 provides a positive tailwind to BRC's business. The company will also be looking to realise synergies from the acquisition of Lee Metal to expand and ride market opportunities.

BRC was established in 1938 and currently operates nine factories with a total manufacturing capacity of 1.2m metric tons per year. BRC has a market capitalisation of S\$306mn.

Outlook and Q&A with CEO and Executive Director. We are pleased to have Mr Seah Kiin Peng, Executive Director and CEO, and Darrell Lim, Executive Director.
